La Thuile 2015

Thursday, 5 March 2015

Young Scientists Forum - 3 (18:10 - 19:30)

time	[id] title	presenter
18:10	[45] Z Boson Production at LHCb	MATEV, Rosen
18:25	[46] Measurement of the inclusive ttbar cross section and determination of the top quark mass at D0	Mr FRANC, Jiri
18:40	[47] Measurement of WW production in 8TeV pp collision with the ATLAS detector	Mr GAO, Jun
18:55	[74] "Top-quark mass from the m(lb) distribution in dileptonic ttbar events at sqrt(s) = 8 TeV	Mr KIESELER, Jan
19:10	[75] Search for pair production of vector-like partners of the top quark (T), with T → tH, H→ γγ	Mr FASANELLA, Giuseppe
