

CRIS 2018**Monday, 18 June 2018****The first multi-messenger event : GW170817 (17:00 - 18:50)****-Conveners: Szabolcs Marka**

time	[id] title	presenter
17:00	[123] Introduction to Gravitational Wave detection : GW170817	Prof. MARKA, Szabolcs
17:10	[10] Constraining the nuclear matter EoS from the GW170817 merger event	BURGIO, Giuseppina Fiorella
17:30	[47] The electromagnetic counterpart of the gravitational wave event GW170817	Dr GRADO, Aniello
17:50	[115] The evolution of the X-ray and radio emission of GW170817/GRB170817A	Dr MELANDRI, Andrea
18:10	[18] Multi messenger astronomy with the γ -ray satellite AGILE: gravitational-wave events and ultra high energy astrophysical neutrinos	CATTANEO, Paolo Walter
18:30	[44] LIGO-Virgo's Discovery of a Binary Neutron Star Merger from a Multi-messenger Perspective	Dr BARTOS, Imre
