

# Membership Committee report

Christopher Hearty  
U. British Columbia / IPP  
20-Sep-2012

# Committee

- Christopher Hearty University of British Columbia (chair)
- Nicolas Arnaud LAL Orsay
- Lucia Lilli INFN Pisa
- Stefano Longo INFN Padova
- Mauro Morandin INFN Padova

# Governance

- We are in a transition phase between the proto-collaboration governance and the collaboration governance that was adopted last March.
- New groups are directly dealing with the membership committee, since we do not have a spokesperson.
- Either way, the proposals of new groups are reviewed by the membership committee, which makes a recommendation to council. Council ratifies.
- You have heard presentations from two groups today.

# Mexican group

- The membership committee recommends admitting five institutions:
  1. Universidad Autónoma de Sinaloa  
Autonomous University of Sinaloa  
School of Physics and Mathematics  
PI: Pedro Luis Manuel Podesta Lerma
  2. Centro de Investigación y de Estudios Avanzados  
Center for Research and Advanced Studies, Mexico City  
PI: Eduard de la Cruz Burelo

3. Benemérita Universidad Autónoma de Puebla  
Distinguished Autonomous University of Puebla  
School of Physics and Mathematics  
PI: Arturo Fernandez Téllez
4. Universidad de Guanajuato  
University of Guanajuato  
Department of Physics  
PI: Marco Antonio Reyes Santos
5. Universidad Nacional Autónoma de México  
National Autonomous University of Mexico  
Institute of Physics and Institute of Nuclear Science  
PI: Eleazar Cuatle Flores

# Associate members

- Note that the Mexican group includes three phenomenologists. They will be admitted as Associate Members.
