

Open Problems in Quantum Mechanics

Friday, 22 June 2012

Part V - Aula Conversi (09:30 - 13:00)

time	[id] title	presenter
09:30	[25] A quantum cellular automaton extension of quantum field theory	D'ARIANO, Giacomo
10:00	[26] Environmental distinction of pointer states	Prof. HORNBERGER, Klaus
10:30	[27] The quantum illusionist: a game with correlations between Gaussian states	Dr GENOVESE, marco
11:00	Coffee break	
11:30	[28] Lessons from Bohmian mechanics (to be confirmed)	
12:00	[29] Horizon 2020 and last opportunities of FP7	GUARALDO, Carlo
12:30	[30] Closing
