

Fundamental Problems in Quantum Physics

Wednesday, 25 March 2015

Quantum complex system (09:30 - 13:00)

time	[id] title	presenter
09:30	[16] Quantum effects in complex materials: Determinism, statistics, structure	BUCHLEITNER, Andres
10:15	[17] Sensitized upconversion with sunlight	ZIMMERMANN, Jochen
11:00	Coffee Break	
11:30	[18] Quantum complexity in biological and material systems - Where do we stand?	BURGHARDT, Irene
12:15	[19] Quantum dynamics of large systems - challenges and possible solutions	POLLACK, Eli
