

LODES18 - A 1-day Workshop on “A Study to Define a Linked Open Data Platform of Interoperable Repositories to Enable Open Science”

06 September 2018
INFN Laboratori Nazionali di Frascati
Auditorium Bruno Touschek

The objective of LODES is to carry out a study and deliver a report on enablers, obstacles, policies and recommendations for the setup of a cross-country federation of standard-based, multi-domain Linked Open Data repositories leveraging as well as addressing the concept of Open Science. The Workshop is linked to work that the OECD Global Science Forum is carrying out on open data.

Advisory Committee:

Lucilla Alagna (CNR-ISM/MAECI)
Roberto Barbera (Univ. Catania and INFN)
Stefano Bianco (Laboratori Nazionali di Frascati dell'INFN)
Marcello Maggi (INFN Bari)
Antonio Masiero (Univ. Padova and INFN)
Dario Menasce (INFN Milano Bicocca)
Laura Patrizii (INFN Bologna)

Organizing Committee:

Lucilla Alagna (CNR-ISM/MAECI)
Stefano Bianco (Laboratori Nazionali di Frascati dell'INFN)
Pierluigi Campana (Director, Laboratori Nazionali di Frascati dell'INFN)
Maria Cristina D'Amato (Laboratori Nazionali di Frascati dell'INFN)
Antonio Masiero (Univ. Padova and INFN)
Lia Sabatini (Laboratori Nazionali di Frascati dell'INFN)

Secretariat:

Maria Cristina D'Amato
Lia Sabatini
