

LFC15: Physics Prospects for Linear and other Future Colliders after the Discovery of the Higgs

07-11 September 2015
ECT*, Villa Tambosi, Trento, Italy
<http://www.ectstar.eu>
Bulletin n. 2 – August 23rd 2015

Workshop Scientific Schedule

The details of the programme have now been nearly finalized and an indico page <https://agenda.infn.it/conferenceDisplay.py?confId=10047> has been created. The workshop will start on Monday 7 September 2015 at 14:00 and will end on Friday 11 September 2015 at 13:00. Closer to the time of the workshop we will request the speakers to upload their presentations at the above page.

Social Events

At the end of the Tuesday session at 18:00 a view of the movie “Bruno Touschek with AdA in Orsay”, produced by INFN and describing the events leading to the first observation of electron-positron collisions at LAL in 1963, can be organized for interested participants. The movie is in English and lasts 36 minutes.

On Wednesday afternoon, we shall organize an excursion to nearby valleys. Options include Mendola Pass and town of Caldaro, famous for its lake and local Southtyrolian wines.

The workshop organization will be arranging for transportation by coach.

Participation requires a fee of approximately 20 EUR. Interested participants should communicate their intention to join the excursion directly to Giulia Pancheri (pancheri@Inf.infn.it) before the beginning of the workshop. Final arrangements will be communicated at the Workshop.

On Thursday evening, we will organize the social dinner for all workshop participants. Times and venue will be circulated later on.

Registration and Accommodation

Registration at the ECT* site <http://www.ectstar.eu/node/1233> is now closed. As previously intimated, the ECT* will organize hotel bookings and information about accommodation will be provided by the ECT* secretariat to all registered participants shortly. Interim queries can be directed to Mr Gian Maria Ziglio (ziglio@ectstar.eu).

Contacts

ECT* secretariat can be reached by phone at + 39 0461 314725

The workshop organizers can be reached by cell phone as follows:

Giulia Pancheri : +39 3332751090
