

TFI 2015 - Theories of the Fundamental Interactions

Thursday, 19 November 2015

Session III - Aula Caianiello (14:00 - 18:00)

-Conveners: Gianluca Grignani

time	[id] title	presenter
14:00	[5] Exact partition functions in supersymmetric gauge theories on curved spaces	BONELLI, Giulio
15:00	[6] Exact results for supersymmetric gauge theories on 4 and 5-dimensional compact manifolds	Mr RONZANI, Massimiliano
15:30	[7] Dark radiation in sequestered string models	CICOLI, Michele
16:00	coffee break	
16:30	[8] New Supersymmetric Localizations from Topological Gravity	IMBIMBO, Camillo
17:00	[9] Lie n-algebra models and higher Chern-Simons Theory	RITTER, Patricia
17:30	[22] One loop corrections to holographic Wilson Loops	PANDO ZAYAS, Leopoldo
