

Session Program

17-20 May 2016

New Frontiers in Theoretical Physics - XXXV Convegno Nazionale di Fisica Teorica and GGI 10th anniversary

Plenary 20 pm

Galileo Galilei Institute, Firenze
Largo Enrico Fermi, 2; 50125 Firenze

Friday 20 May

14:40

Plenary 20 pm

Session | **Location:** GGI, Room A

14:40-15:20

Gravity at large scales

Speaker

Prof. Michele Maggiore Maggiore

15:20-16:00

Advanced detectors of gravitational waves: status and perspectives

Speaker

Giancarlo Cella

16:00-16:40

GW150914: The Birth of Gravitational-Wave Astronomy

Speaker

Alessandra Buonanno

16:40
