

“Compact Stars in the QCD phase diagram V” and “Working Group 2 Meeting of COST Action MP1304”

Wednesday, 25 May 2016

Experimental talks (10:15 - 10:45)

time	[id] title	presenter
10:15	[83] LNGS, a laboratory with the vocation of the Dark Matter	MESSINA, Marcello

Experimental talks (11:05 - 13:05)

time	[id] title	presenter
11:05	[84] The Borexino experiment: a sub-MeV solar neutrino observatory	GHIANO, Chiara
11:35	[85] Neutrinoless double beta decay @LNGS	BUCCI, Carlo
12:05	[86] Experimental challenges in Underground Nuclear Astrophysics Laboratory at LNGS	JUNKER, Matthias
12:35	[87] Supernova Neutrinos Detection @ LNGS	PAGLIAROLI, Giulia
