

**Session Program**

**20-23 Jun 2010**

**QCD@Work - International Workshop on QCD -  
Theory and Experiment**

***Session 9***

Martina Franca - Valle d'Itria

## Tuesday 22 June

11:30

### Session 9

**Session** | **Location:** Martina Franca - Valle d'Itria | **Convener:** Stefania De Curtis

11:30–12:00

#### Results from CLAS and outlook to CLAS12

**Speaker**

Marco Ripani

12:00–12:30

#### Azimuthal and single spin asymmetries in hadronic collisions

**Speaker**

Francesco Murgia

12:30–13:00

#### Recent results on the spin structure of the nucleon from COMPASS

**Speaker**

Fabienne Kunne

13:30
