Nuclear Structure with Stable Beams - Aula Magna (11:40 AM - 1:05 PM)

-Conveners: Araceli Lopez-Martens

time	[id] title	presenter
11:40 AM	[3] Shape coexistence effects on isospin-symmetry breaking and beta decay of proton-rich A~70 nuclei	Prof. PETROVICI, Alexandrina
12:00 PM	[33] In-beam gamma ray and conversion electron spectroscopy at JYFL	Prof. GREENLEES, Paul
12:30 PM	[16] Lifetimes of nuclear states in proton-emitting nuclei from Differential Plunger measurements.	Dr CULLEN, David
12:50 PM	[70] Effect of high-j orbitals on the high-spin states in nuclei around Z = 82	Mr ROY, Tanmoy
