

THIRD INTERNATIONAL SPES WORKSHOP

OCTOBER 10-12, 2016
LABORATORI NAZIONALI DI LEGNARO (PADOVA), ITALY

FINAL INFORMATION

The Third International SPES Workshop will take place at LNL from 10th to 12th October 2016, with the aim to summarize the present status and upgrades of the facility and discuss the physics with radioactive ion beams at SPES and the future experimental campaigns. The SPES radioactive ion beam project of INFN is in a quite advanced state. The driver accelerator, the cyclotron, is already installed and presently being commissioned, while the ISOL source and the transport line are expected to be ready in the second half of 2017.

SCIENTIFIC PROGRAMME

The scientific programme is available on the [Workshop website](#). The Lol presentations will be structured as follows: 10' presentation + 3' minutes discussion.

VENUE and TRAVEL

The meeting will be held at the Laboratori Nazionali di Legnaro of the INFN, Viale dell'Università 2, LEGNARO (Padova), Italy. Legnaro is only 10 Km (6 miles) from Padova. Details on transportation and routes to Legnaro are available on the [Workshop website](#).
