

# CRIS2016 - Cosmic Ray International Seminar 2016

## Wednesday, 6 July 2016

### Indirect Measurements of High Energy Cosmic Rays (09:00 - 11:00)

-Conveners: Shigeru Yoshida

| time  | [id] title  | presenter               |
|-------|---|-------------------------|
| 09:00 | [72] Indirect Measurements of High Energy Cosmic Rays – the Air-Shower Regime | WATSON, Alan            |
| 09:50 | [39] Highlights from the Pierre Auger Observatory                             | BOHACOVA, Martina       |
| 10:20 | [14] Cosmic ray physics with the Auger Engineering Radio Array (AERA)         | Mr ZIMMERMANN, Benedikt |
| 10:40 | [9] Towards AugerPrime: the upgrade of Pierre Auger Observatory               | CATALDI, Gabriella      |

### Indirect Measurements of High Energy Cosmic Rays (11:30 - 12:50)

-Conveners: Shigeru Yoshida

| time  | [id] title   | presenter               |
|-------|--|-------------------------|
| 11:30 | [31] Recent Results and Future Prospects from the Telescope Array experiment | Dr IKEDA, Daisuke       |
| 12:00 | [3] The different Jem-Euso pathfinders                                       | Mr GORODETZKY, Philippe |
| 12:20 | [30] EUSO-SPB – a stratospheric super-pressure balloon searching for UHECR   | Mr GORODETZKY, Philippe |
