

Joint LIA COLL AGAIN, COPIGAL, and POLITA Workshop (French-Italian-Polish Collaborations)

Thursday, 28 April 2016

Interface Nuclear Structure/reactions - Nuova sala conferenze (next to guesthouse) (11:00 - 13:30)

-Conveners: Krzysztof Rusek

time	[id] title	presenter
11:00	[53] Transfer reactions and neutron decay studies by the MAGNEX- EDEN facility	CAVALLARO, Manuela
11:25	[54] In-medium dynamics in nuclear structure	CHBIHI, Abdou
11:50	[55] Inverse kinematics experiments with the PRISMA spectrometer	FIORETTO, Enrico
12:15	[58] Direct Reactions With Light Radioactive Beams	KEELEY, N.
12:40	[56] Superfluid effects in nuclear collective motion: applications to fission and other processes	LACROIX, Denis
13:05	[57] Quasielastic barrier distributions studies - influence of weak channels	TRZCINSKA, A.
