

CYGNUS-TPC kick-off meeting: a mini-workshop on directional Dark  
Matter searches and coherent neutrino scattering

Contribution ID: 21

Type: **not specified**

## First studies on SF<sub>6</sub> gas mixtures for TPC

*Thursday, 7 April 2016 16:10 (20 minutes)*

**Presenter:** Prof. LOOMBA, Dinesh (University of New Mexico)

**Session Classification:** Directional gaseous TPC detectors for very rare event detection
