

CYGNUS-TPC kick-off meeting: a mini-workshop on directional Dark Matter searches and coherent neutrino scattering

Contribution ID: 19

Type: **not specified**

Status of making ZnWO₄ crystals

Thursday, 7 April 2016 13:00 (15 minutes)

Presenter: Prof. SEKIYA, Hiroyuki (Kamioka Obs., ICRR, The Univ. of Tokyo)

Session Classification: Directional solid and liquid detectors for very rare event detection
