

Nuclear Physics in Astrophysics VIII

Thursday, 22 June 2017

Stellar models - Aula magna (08:30 - 10:10)

| time | [id] title | presenter |
|-------|---|---------------------|
| 08:30 | [133] Hydrostatic and Explosive Nucleosynthesis in Massive Stars | Dr LIMONGI, MARCO |
| 09:00 | [4] s process in massive stars: theoretical predictions and nuclear and stellar uncertainties | Dr HIRSCHI, Raphael |
| 09:50 | [33] A unique mechanism to account for well known peculiarities of AGB star nucleosynthesis | PALMERINI, Sara |
