MMHT2014 PDFs – updates

sabato 3 settembre 2016 12:30 (20 minuti)

Updates of MMHT2014 global parton analysis. Discussion includes the determination of α_s , the heavy b,c quarks and their masses, inclusion of the combined HERA data and the impact of recent LHC data.

Autore principale: MARTIN, Alan (IPPP, Durham University)

Coautore: HARLAND-LANG, Lucian (Physics, UCL); MOTYLINSKI, Patrick (Physics, UCL); THORNE, Robert (Physics, UCL)

Relatore: MARTIN, Alan (IPPP, Durham University)

Classifica Sessioni: Diffraction in ep collisions (I)

Classificazione della track: Diffraction in e-p collisions (experiment/phenomenology/theory)
