

SciNeGHE 2016 High-energy gamma-ray experiments at the dawn of gravitational wave astronomy

Friday, 21 October 2016

Gamma-ray sources (09:00 - 11:25)

-Conveners: Aldo Morselli

time	[id] title	presenter
09:00	[76] The Sun and Solar System	DESIANTE, Rachele
09:25	[137] Observations of Galactic cosmic ray accelerators in the gamma-ray sky with Fermi-LAT	DE PALMA, Francesco
09:50	[94] Is there need for axions to explain the signal from blazars? Where do we stand?	RONCADELLI, Marco
10:15	[96] SEARCH FOR GAMMA-RAY SIGNALS FROM DWARF SPHEROIDAL GALAXIES WITH THE CHERENKOV TELESCOPE ARRAY	RODRIGUEZ FERNANDEZ, Gonzalo
10:40	Coffee break	
11:00	[107] Statistical Measurement of the Gamma-ray Source Count Distribution as a Function of Energy	Dr ZECHLIN, Hannes-S.
