## **actions:**

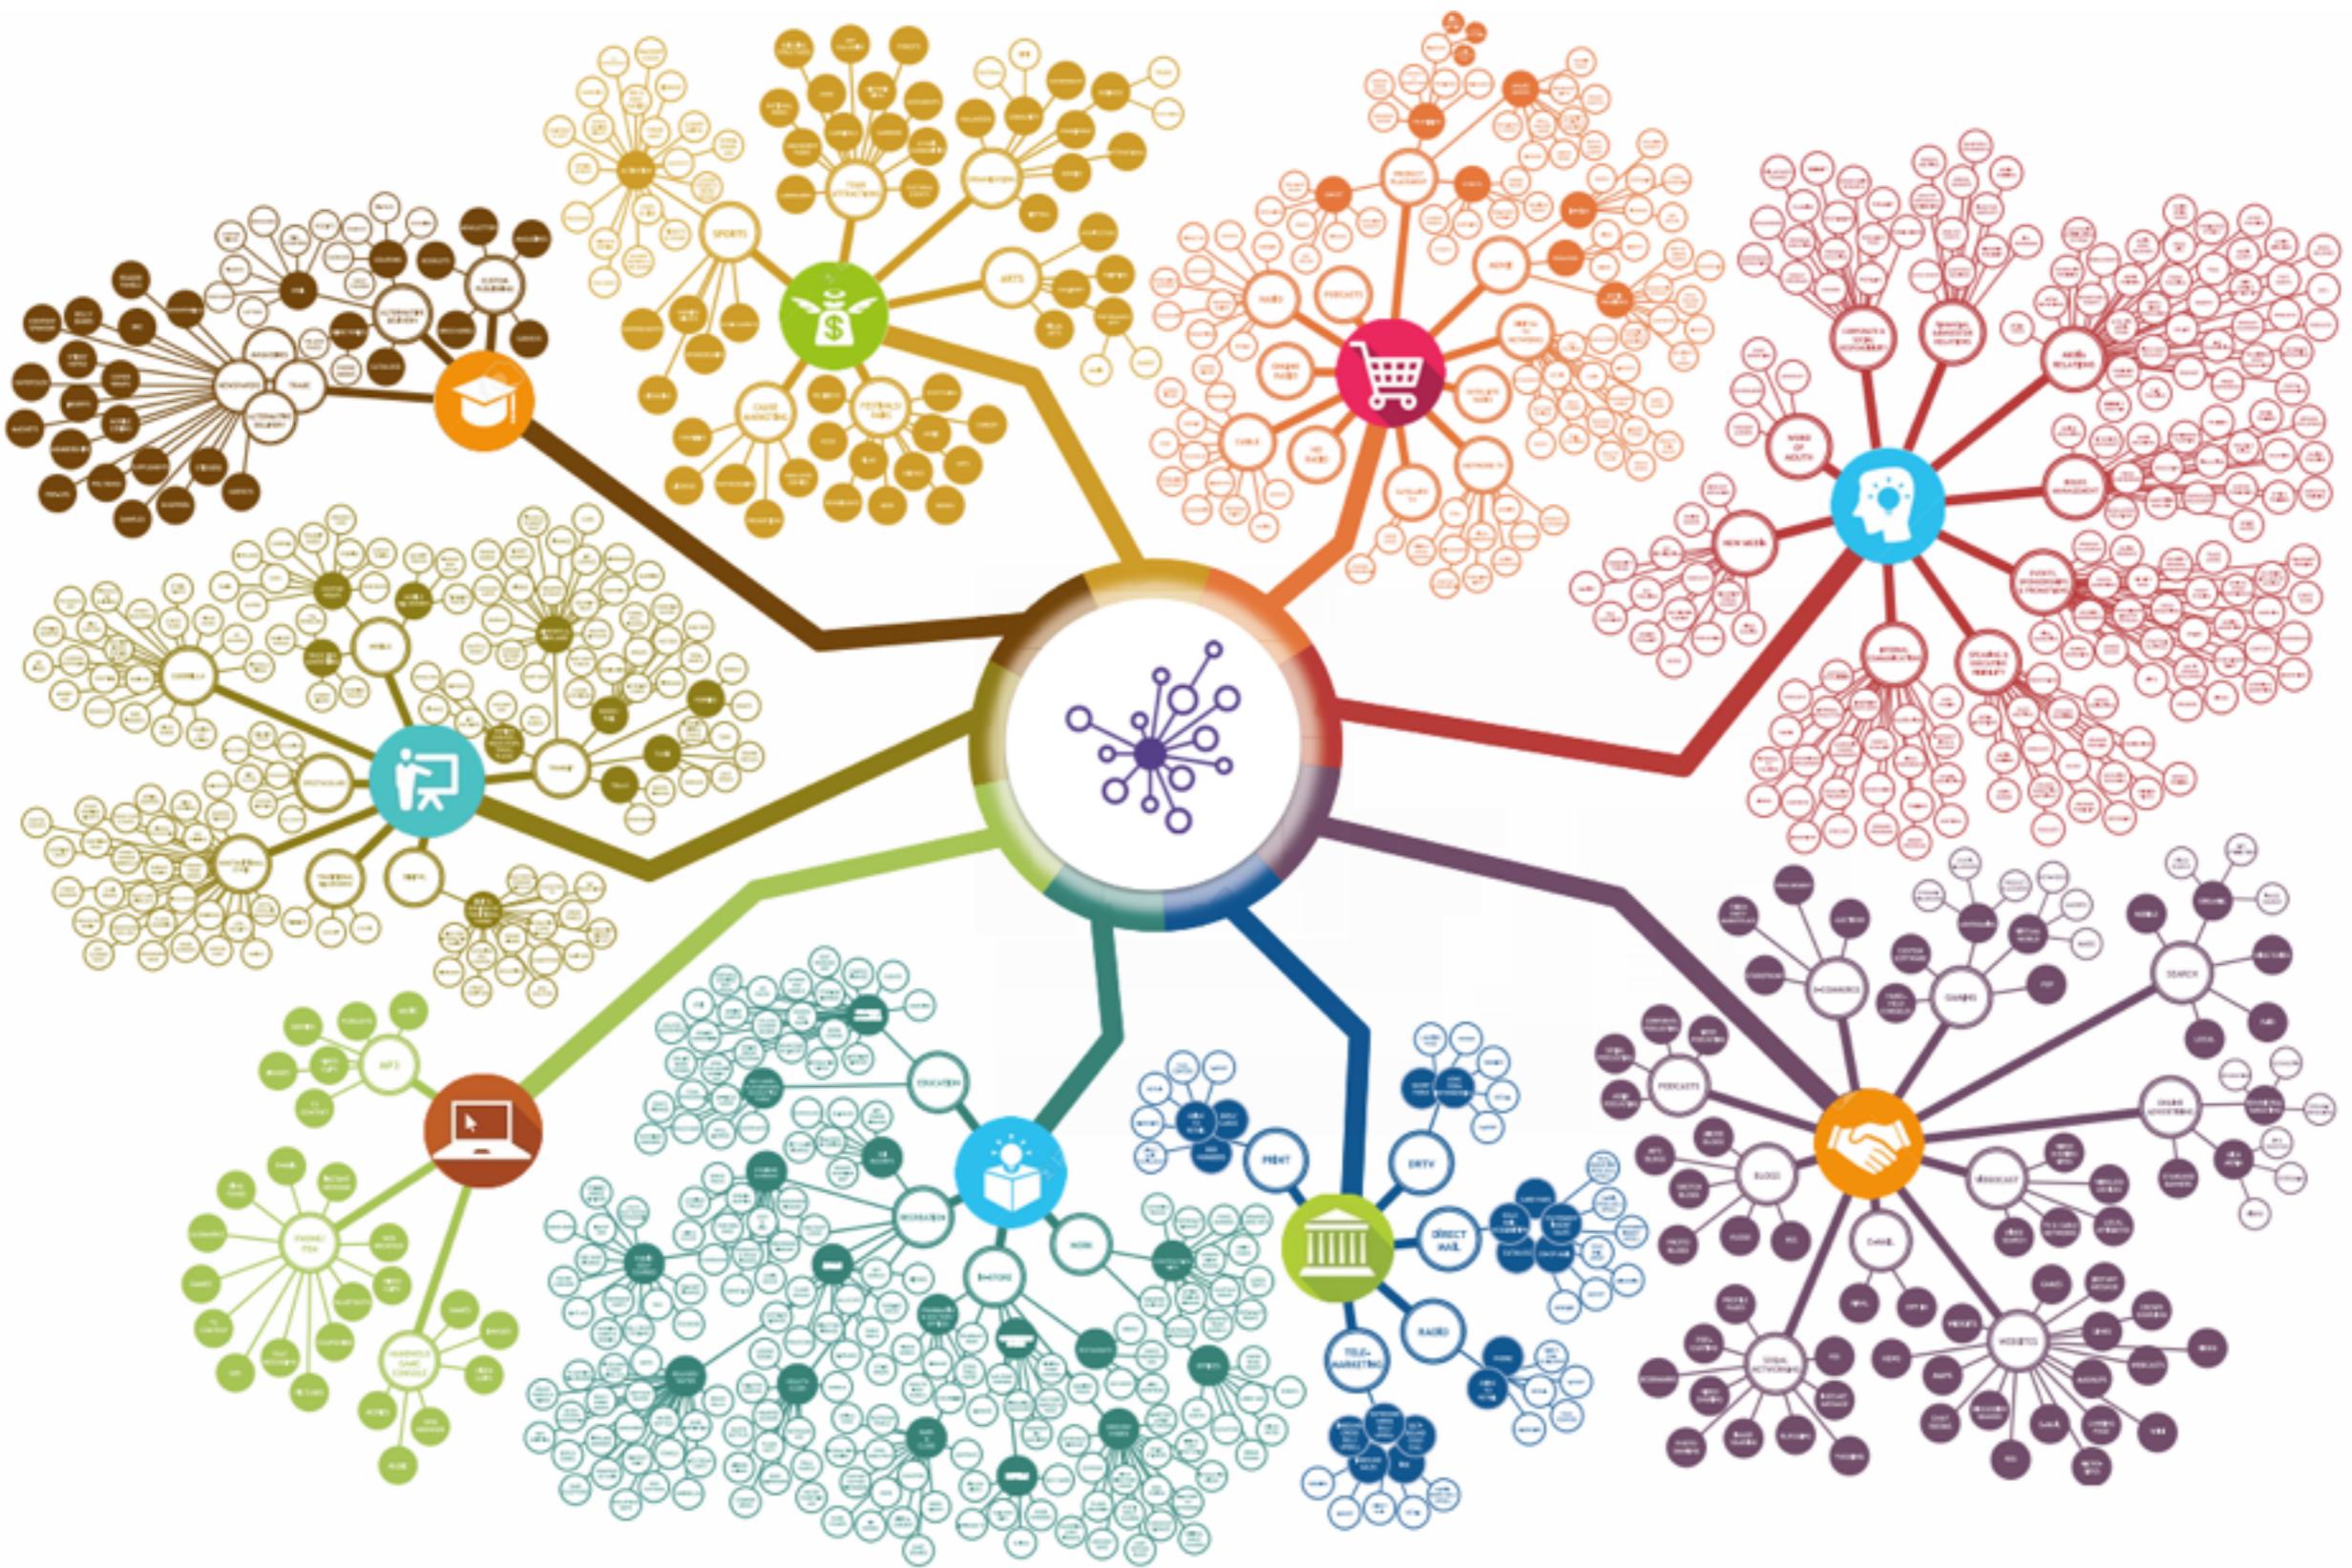

- public engagement
  - young education
- researchers education
  - ideas' incubators
- business accelerators
- technology & knowhow transfer...

## **target:**

- general public
  - young
  - institutions
  - researchers
  - entrepreneurs...

## **impact:**

- creating job opportunities
- developing new business
- developing new technology and technology transfer
- improving the multi and inter-disciplinary and stakeholder competitiveness
- developing social benefit: legacy, cohesiveness, etc

## 7 ingredients to build a successful innovation ecosystem

28 mar 2016 | 211 visualizzazioni | 18 volte consigliato | 2 commenti | [in](#) [f](#) [t](#)

Last week Commissioner Moedas published a [report](#) on the direct impact that investing in innovation has on EU economy. While this analysis was being conducted, at Stromatolite we used 20 years of innovation experience - from earlier futures concepts for large multinationals such as Apple, Nike and Nokia, to the last 4 years of building a global community of 5000 innovators - to test some of our earlier observations and assumptions and put them into practice. In other words, we invested in hands-on building of an innovation ecosystem.

Science, Research and Innovation performance of the EU

A contribution to the Open Innovation Open Science Open to the World agenda

2016

- Place creativity at the heart of innovation
- Enable an extremely fast knowledge transfer
- Set up open innovation IP parameters
- Bring the best brains into the room
- Get your hands dirty
- Give ample support to valuable ideas
- Plug ideas into a network

# Lazio Pulse Idea

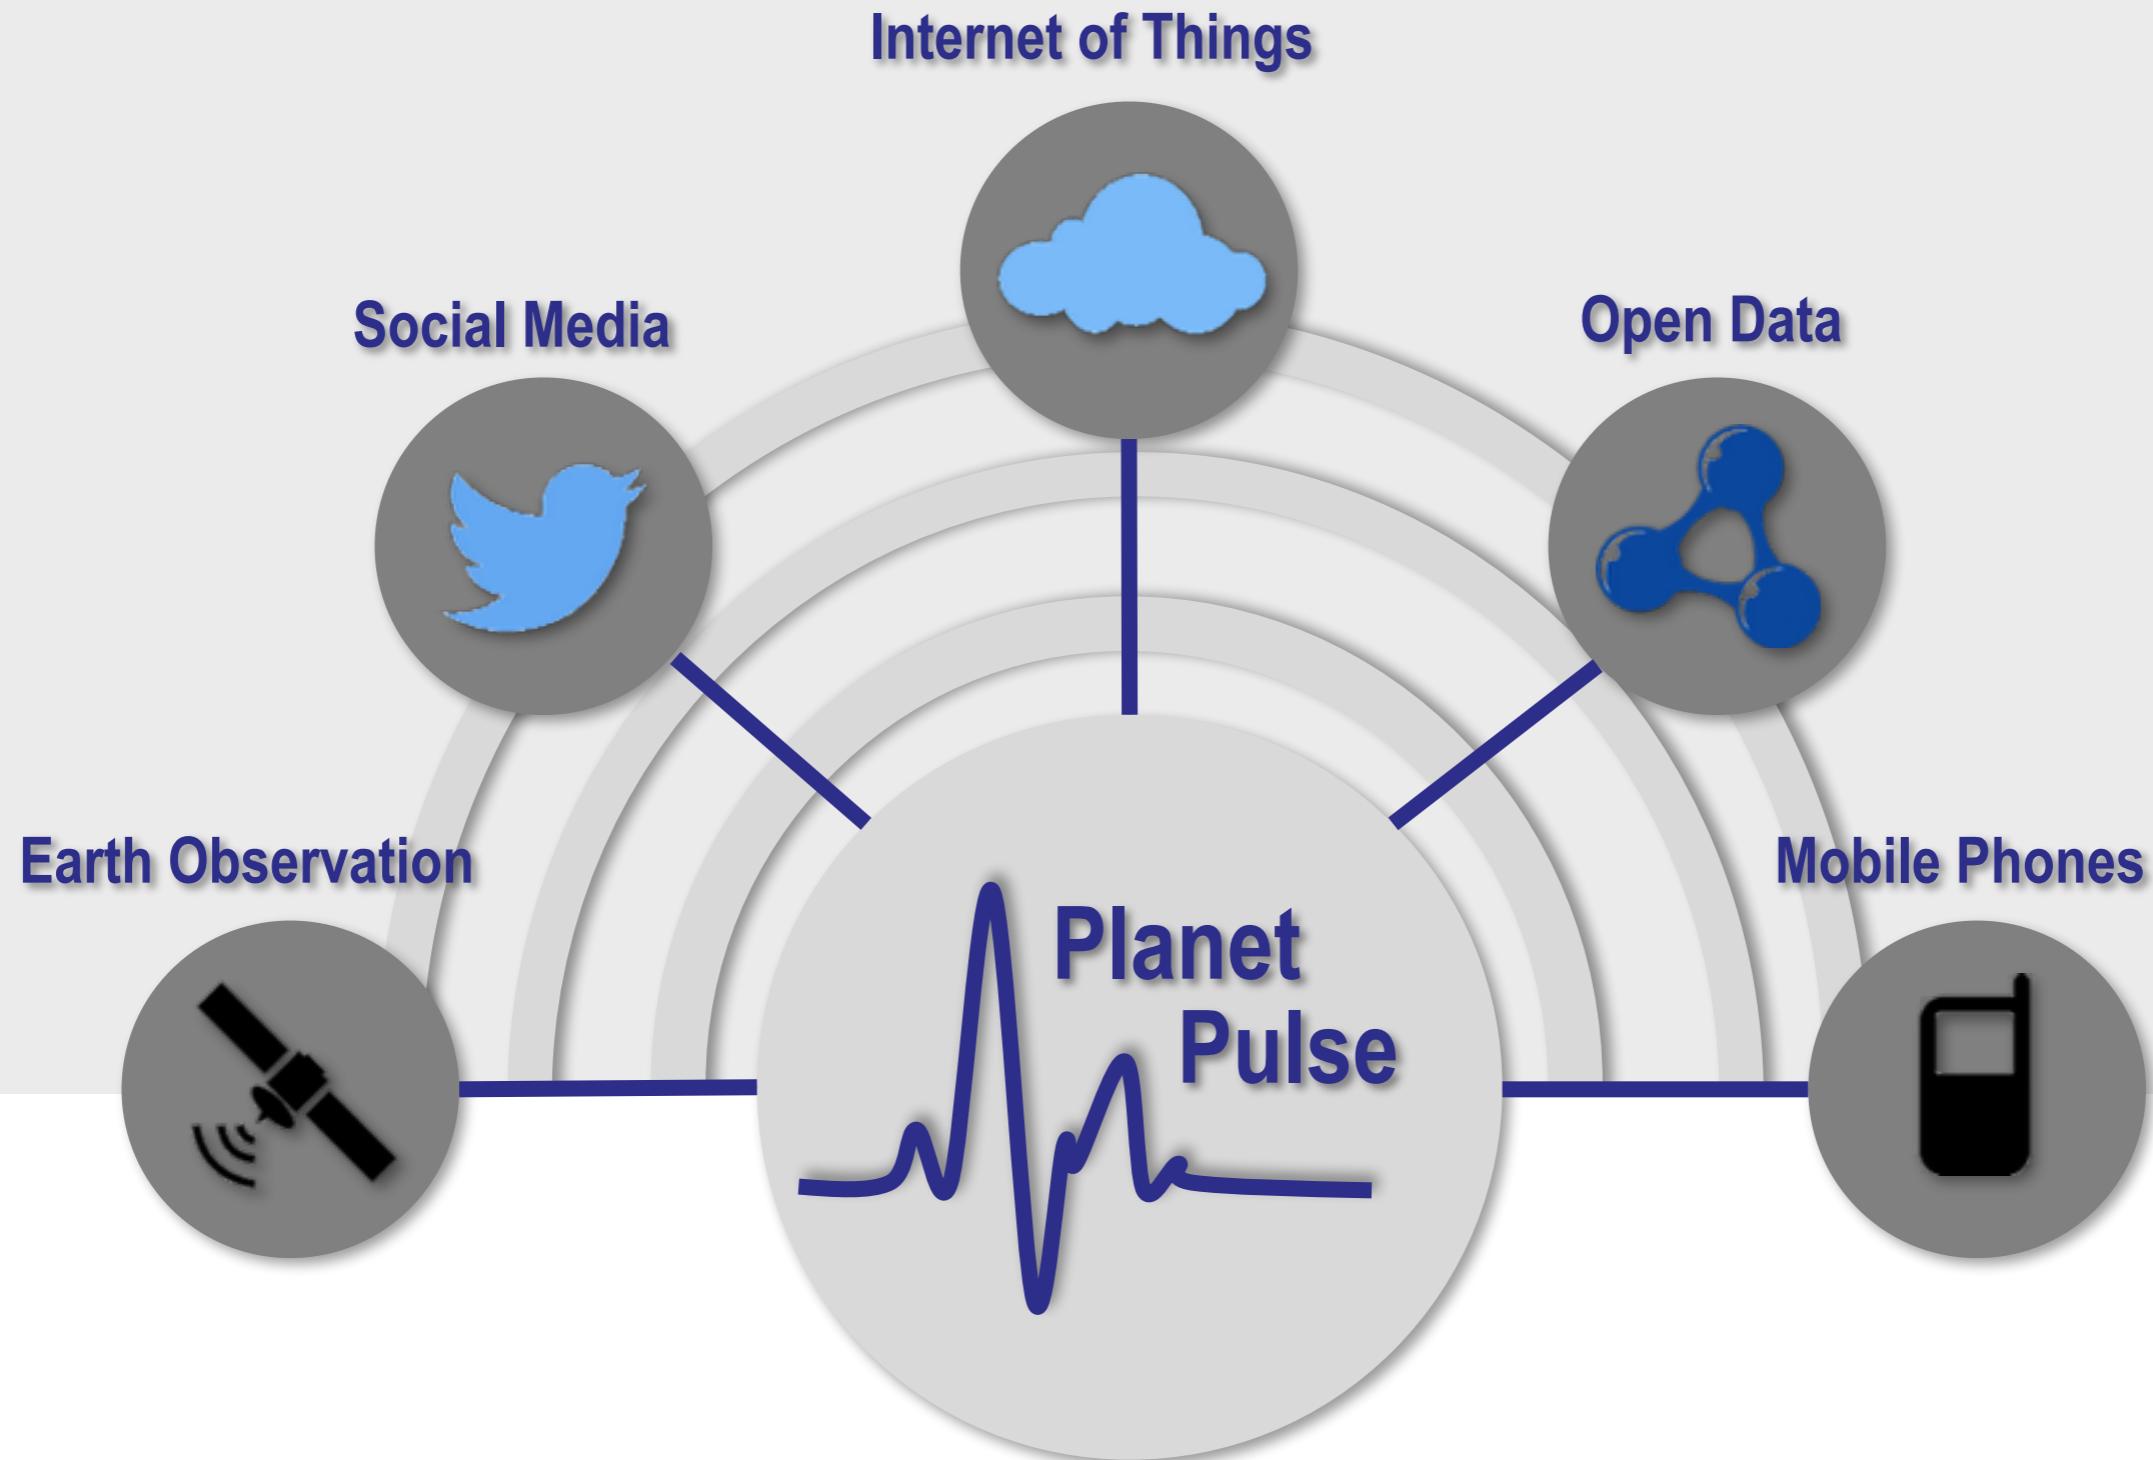

call for ideas "riposizionamento competitivo dei sistemi imprenditoriali territoriali"

The Lazio Pulse initiative is aiming to foster economic growth in the emerging European Digital Single Market through the development of an **Open and Social Innovation ecosystem of data-driven** start-ups, new business opportunities and repositioning of business chains, maximising the scientific, economic and societal value of **eScience Data**

[http://www.frascatiscienza.it/wp-content/uploads/2016/03/abstract\\_ita\\_LAZIO-PULSE.pdf](http://www.frascatiscienza.it/wp-content/uploads/2016/03/abstract_ita_LAZIO-PULSE.pdf)

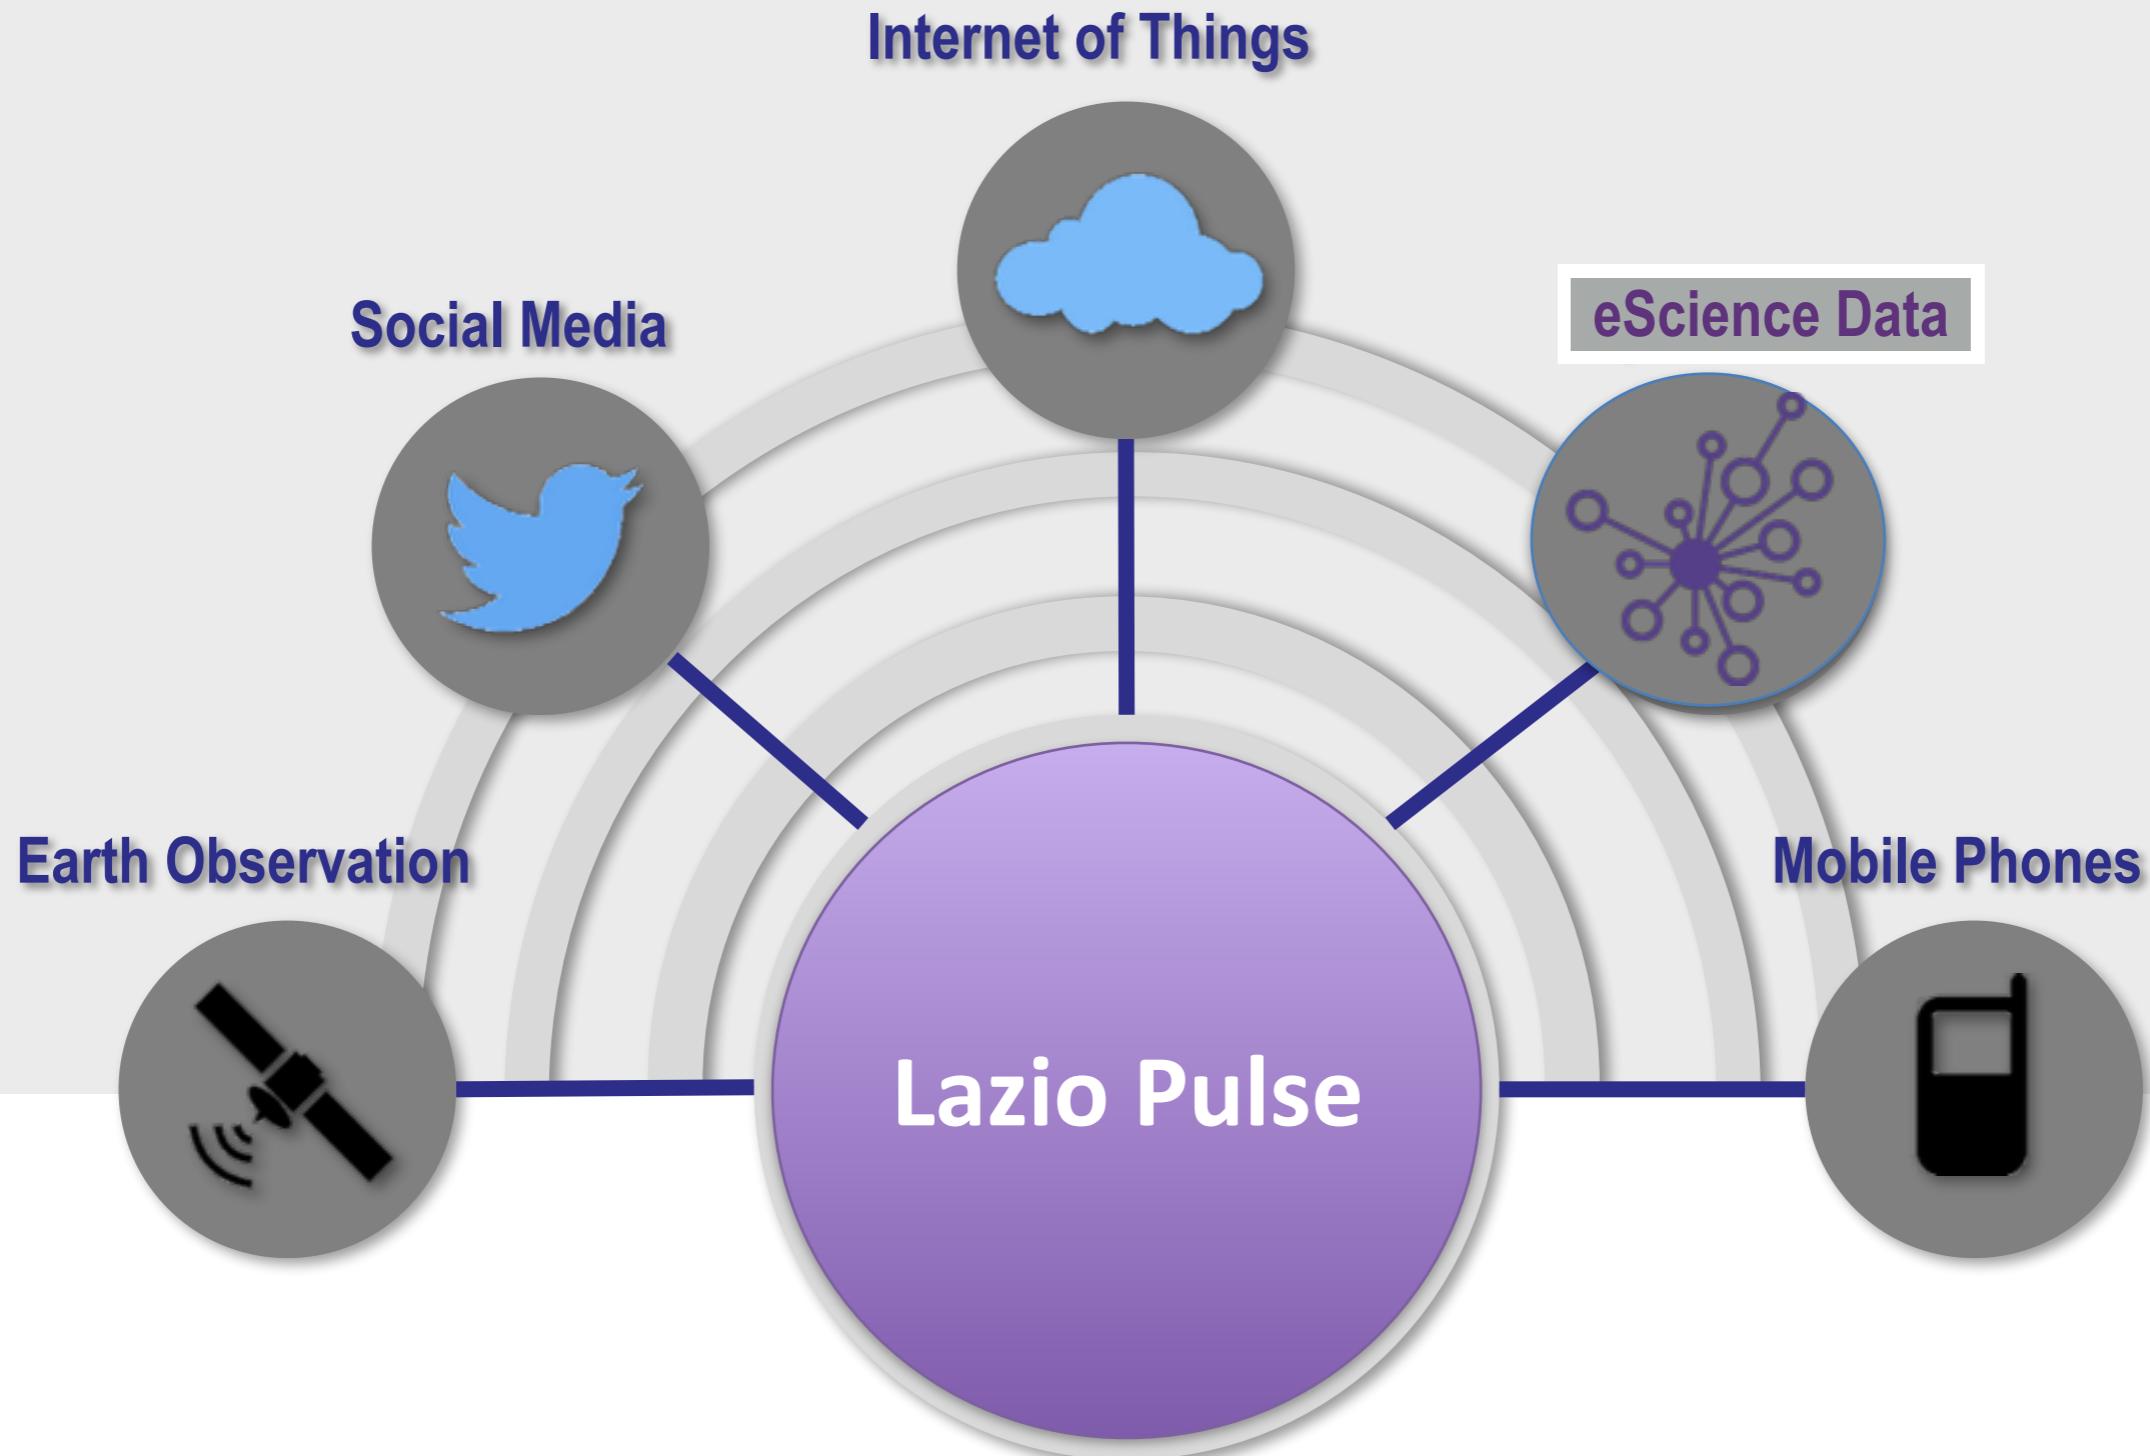

NB: Frascati Scienza is playing the role of promoter and facilitator among institutions and business stakeholders

# PPP - Public Private Partnership

**Engineering** spa, SAS spa, ELIS, Telecom Italia spa, IDS, **ESA-ESRIN, INFN** (Laboratori Nazionali di Frascati, Sezioni di Roma1, Roma2 e Roma3) **INGV** (Roma), **INAF** (Osservatorio Astronomico di Roma, Monteporzio Catone e IAPS) **ASI, ENEA** (Roma, Casaccia), ISS (Istituto Superiore di Sanità), ItaliaCamp, **Università** di Roma TorVergata (Fondazione Economia), UniNettuno, Consorzio Regioni Digitali (CRED), Impresapiens – Università di Roma La Sapienza, Campus Biomedico, Eurokleis srl, T6, Ecosystems srl, Unidata spa, Evoluzione ufficio sas, Aedos srl, Nousmed srl, Olsa Informatica spa, Evodevo srl, Expert System spa, Info Solution spa, Innovation Engineering srl, SenTech srl, System Management srl, Deepblue srl, Digital Video spa, LINK srl, DSTECH, CiaoTech srl, **Comunità Montana, Parco** dei Castelli Romani, **Comune** di Frascati, Comune di Cave, Comune di Colonna, Comune di Monteporzio Catone, Comune di Rocca di Papa, Comune di Genazzano, Frascati Scienza, Associazione PIIU

# Next steps

- **April/May:** create a **Task Force** to carry on the Lazio Pulse project (see next); organise **WIRE16** (Workshop Impresa, Ricerca ed Economia) focused on Lazio Pulse e collecting contributions of the local actors for this initiative (Scientific board, the Local organising committee, sponsorships, prizes, etc)
- **16 June, WIRE16** - objectives: scouting of ideas; Innovation Summit of the Research Area; promotion and launch of the Lazio Pulse initiative.
- **June/July:** submit the project ideas for the Lazio Region call “Sostegno al riposizionamento competitivo dei sistemi imprenditoriali territoriali”, Priority Axis 3 Action 3.3.1, with an available total funding of **140 million** euros.
- in general: stimulating the **collaboration** among press and communication offices of universities/research centers.

# WIRE15

## Workshop Impresa, Ricerca ed Economia 2015

### Comitato Scientifico

*Fiorenzo Ardemagni - Presidente Intech Industria Elettronica*

*Antonella Arnaboldi - Presidente RES*

*Enrica Battifoglia - Responsabile canale Scienza & Tecnica ANSA*

*Giampaolo Betti - Studio Dottori Commercialisti Associati Betti Bugiardi*

*Alberto Biscarini - Direttore di Unique Technologies*

*Aldo Ciabatti - Imprenditore e Designer*

*Eugenio Coccia - Direttore del Gran Sasso Science Institute*

*Francesco Franci - Delegato di AISCRIS*

*Umberto Dosselli - Direttore dei Laboratori Nazionali di Frascati dell'INFN*

*Ettore Giaccaglia - Fondatore Mecenate Italia Onlus*

*Giovanni Mazzitelli - Presidente di Frascati Scienza*

*Claudio Mucciaccio - Medico Specialista in Radiologia Medica Asl RMH*

*Gaetano Maurizio Monti - Direttore del Centro Ricerche ENEA di Frascati*

*Rossella Panarese - Direttore di Radio 3 Scienza*

*Luca Pitolli - Direttore CNR Area Tor Vergata*

*Pietro Ubertini - Direttore dell'Istituto di Astrofisica e Planetologia Spaziali dell'INAF*

*Olga Rickards - Direttore del Centro di Antropologia Molecolare per lo Studio del DNA Antico*

*Univ. Roma Tor Vergata*

*Pier Romano Ruggeri - Direttore generale BCC Frascati*

### Comitato Organizzatore

*Sara Arnone - Frascati Scienza*

*Claudio Cantone - INFN-LNF*

*Antonio Caramelli - INGV*

*Stefania Ciabatti - NATIVE srl*

*Giuliana D'Addezio - INGV*

*Marco Faccini - Frascati Scienza/OAR-INAF*

*Raffaele Giovanditti - Frascati Scienza*

*Susanna Lo Iacono - Frascati Scienza*

*Dael Maselli - Frascati Scienza/INFN-LNF*

*Giuseppe Mazzitelli - Frascati Scienza/ENEA-Frascati*

*Francesca Neroni - Assessore alla cultura del Comune di Frascati*

*Alessandro Pecora - CNR - ARTOV*

*Francesca Spagnoli - Frascati Scienza/INFN-LNF*

Hanno infine collaborato all'organizzazione e comunicazione dell'evento:

*Elisa Bianchini, Ida Capra, Daniela Ferrucci, Chiara Medini e Giusi Sanzone*

# Task Force

## Lazio Pulse

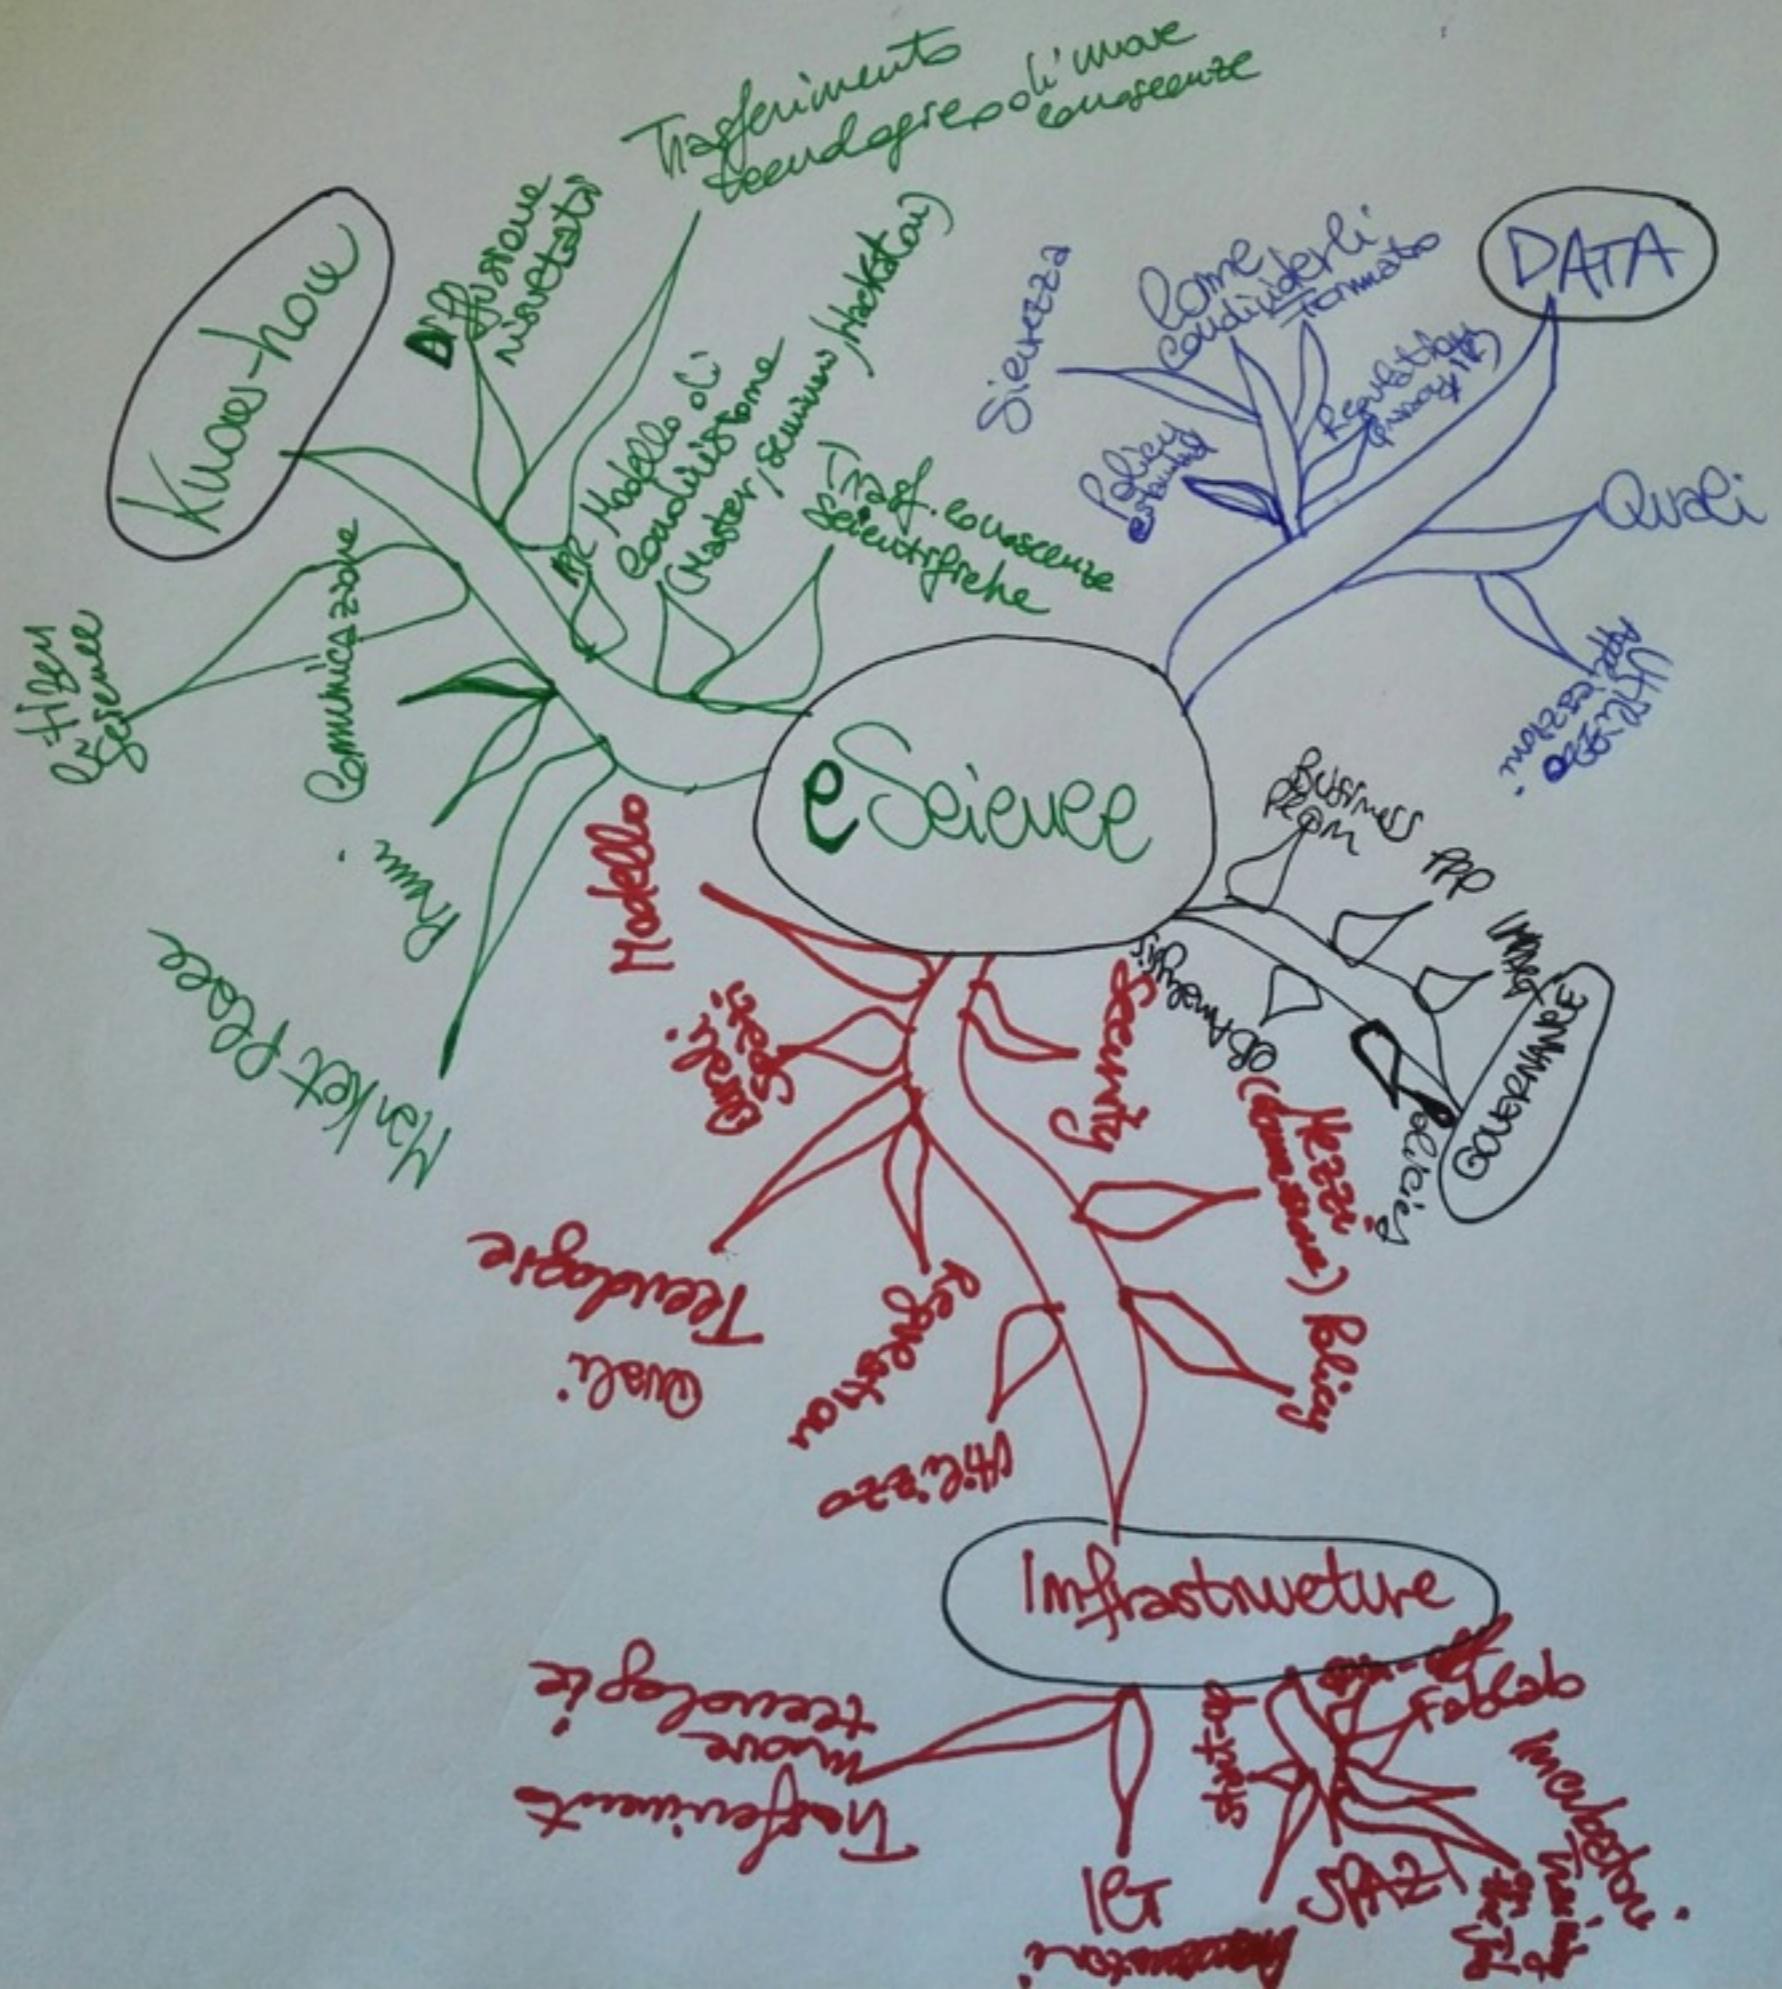

- developing the activities based on the **contribution** that each partner can provide
- identifying **how to share** data, infrastructure and knowhow (governance, policy, standards, ip regulation, security, etc)
- identifying actions and **support needed** to develop the Lazio Pulse ecosystem (FABLAB, co-working, start-up, business incubators/accelerators, support to results' diffusion and intellectual properties, PPP, open data, open infrastructure, training, etc)
- assessing the **socio-economic impact**
- providing **cost-benefit analysis and business plan**

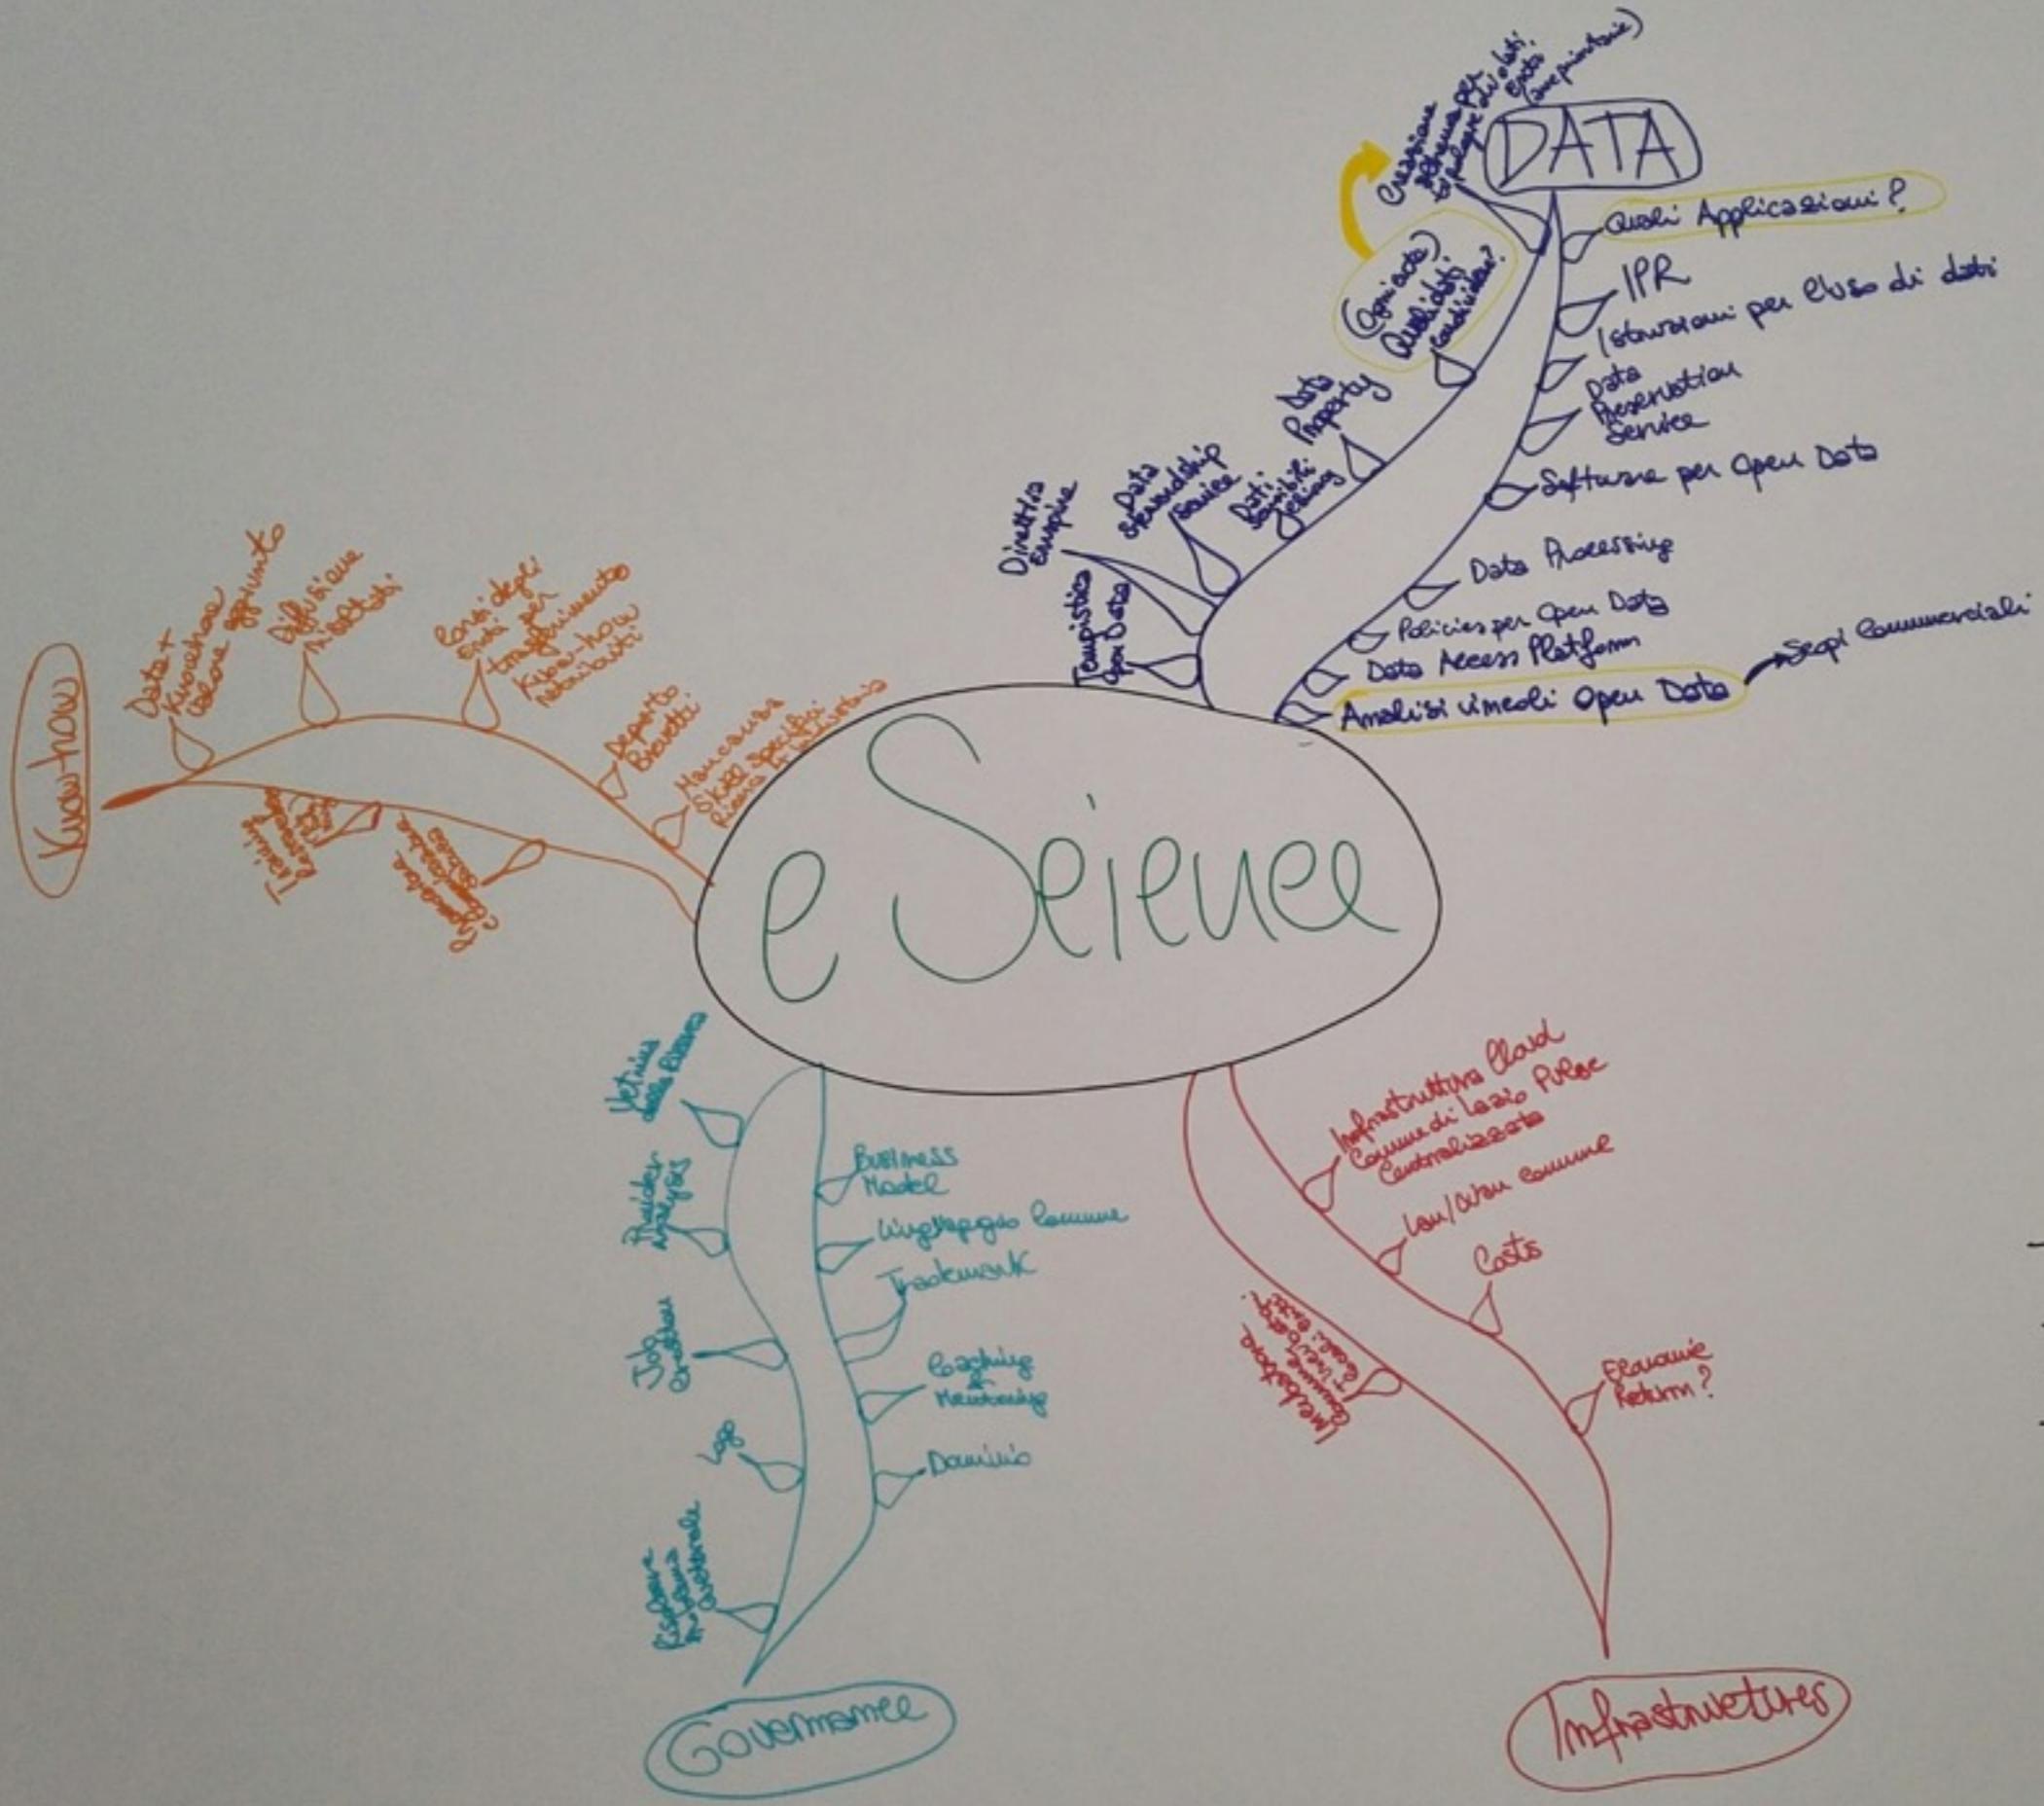

# odg e discussione

- Website - frascatiscienza.it temporaneamente, domini acquistati laziopulse.it/eu/org/com (repository)
- WIRE16 definizione LOC e Consiglio scientifico -  
wire15.frascatiscienza.it (wire16.frascatiscienza.it in allestimento)
- commitment ESA, disponibilità per logo lazio pulse
- allargamento della task force
- brainstorming Lazio Pulse: raccolta di idee su come sviluppare l'ecosistema lato eScience

pre-brainstorming mind map

## post-brainstorming mind map

### Open Questions

- Quale schema per comprendere i dati che vogliamo condividere?
- Quale infrastruttura comune?
- Politiche di accesso e preservazione dati?
- Quale modello di business?

# to do list

- scheda dati da condividere da ogni istituto/università/etc.
- schema infrastruttura IT comune
- schema modelli su come sfruttare i dati e opportunità di business
- phone call settimanale e riunioni quindicinali da qui a luglio (uscita bando)
