Type: **Poster**

Wet and dry mergers of binary black holes in the gravitational wave spectrum

Wednesday, 27 January 2010 18:14 (2 minutes)

Primary author: VAISHNAV, Birjoo (Center for Gravitational Wave Astronomy, University of Texas, Brownsville, TX, USA.)

Co-authors: SHOEMAKER, Deirdre (CRA, GeorgiaTech); HEALY, James (CGWP, PSU)

Presenter: VAISHNAV, Birjoo (Center for Gravitational Wave Astronomy, University of Texas, Brownsville, TX, USA.)

Session Classification: Long and Short GW transients - Poster presentations
