GWDAW-14

Contribution ID: 84 Type: Poster

Wet and dry mergers of binary black holes in the gravitational wave spectrum

Wednesday, 27 January 2010 18:14 (2 minutes)

 $\textbf{Primary author:} \quad \text{VAISHNAV, Birjoo (Center for Gravitational Wave Astronomy, University fo Texas, Brownsville,} \\$

TX, USA.)

Co-authors: SHOEMAKER, Deirdre (CRA, GeorgiaTech); HEALY, James (CGWP, PSU)

Presenter: VAISHNAV, Birjoo (Center for Gravitational Wave Astronomy, University fo Texas, Brownsville, TX,

USA.)

Session Classification: Long and Short GW transients - Poster presentations
