Noise and data characterization - Poster presentations (Part I) (15:35 - 15:45)

[id]	title	presenter	board
[41]	High frequency band sensitivity of large gravitational wave interferometers.	RUDENKO, Valentin	
[52]	Deep Underground Environmental Studies for 3rd Generation Gravitational Wave Detectors	CHRISTENSEN, Nelson	
[54]	Noise Line Searches for LIGO S6	COUGHLIN, Michael	
[56]	The Used Percentage Veto for LIGO S6 and Virgo VSR2 Gravitational Wave Searches	ISOGAI, Tomoki	
[57]	Background estimation by time slides in a network of gravitational wave detectors	WAS, Michal
