

Session Program

Jan 25 - 27, 2017

GDS Topical Meeting: GDS coupling to auxiliary detection systems

Particle Detectors

INFN Laboratori Nazionali di Legnaro, Villi Meeting Room
Viale dell'Università 2 - 35020 LEGNARO PD - Italy

Wed, January 25

2:15 PM

Particle Detectors

Session

Location: INFN Laboratori Nazionali di Legnaro, Villi Meeting Room, Viale dell'Università 2 - 35020 LEGNARO PD -

Convener: Fabiana Gramegna

2:15 - 2:45 PM

The heavy-ion magnetic spectrometer PRISMA: present status and ongoing upgrades

Speaker

Enrico Fioretto

2:45 - 3:15 PM

FARCOS: a new telescope array for correlations and spectroscopy

Speaker

Paolo Russotto

3:15 - 3:45 PM

The FAZIA modules: recent results and possible couplings with gas detectors

Speaker

Sandro Barlini

3:45 - 4:15 PM

OSCAR: a modular low-threshold hodoscope for low energy nuclear reactions

Speaker

Dr Ivano Lombardo

4:15 PM
