

**Session Program**

**31 May 2017 to 4 June 2017**

**MEDAMI 2017 - V MEDITERRANEAN FORUM  
ON ADVANCED MOLECULAR IMAGING**

***Session 2.3: Brain imaging - new technologies***

Orosei  
Sardinia

## Thursday 1 June

16:00

### Session 2.3: Brain imaging - new technologies

Session | Location: Orosei, Sardinia

16:00-16:25

**Stan Majewski (University of Virginia) - Dedicated PET brain imaging devices**

16:25-16:50

**Bernd Pichler (Director, Dept. of Pre-clinical imaging and Radiopharmacy, University of Tuebingen) - Developments in MRI, MEG and EEG**

16:50

17:20

### Session 2.3: Brain imaging - new technologies

Session | Location: Orosei, Sardinia

17:20-17:45

**Jose Maria Benlloch (Institute of Molecular Imaging, University of Valencia) - Mindview: multimodal imaging of neurological disorders**

17:45-18:10

**Alberto del Guerra (Department of Physics, University of Pisa) - A trimodality (EEG/MR/PET) scanner for brain imaging**

18:35

18:10-18:35

**Contributions**
