

# MEDAMI 2017 - V MEDITERRANEAN FORUM ON ADVANCED MOLECULAR IMAGING

## Thursday, 1 June 2017

### Session 2.3: Brain imaging - new technologies (16:00 - 16:50)

time	[id] title	presenter
16:00	[99] Stan Majewski (University of Virginia) - Dedicated PET brain imaging devices	
16:25	[100] Bernd Pichler (Director, Dept. of Pre-clinical imaging and Radiopharmacy, University of Tuebingen) - Developments in MRI, MEG and EEG	

### Session 2.3: Brain imaging - new technologies (17:20 - 18:35)

time	[id] title	presenter
17:20	[104] Jose Maria Benlloch (Institute of Molecular Imaging, University of Valencia) - Mindview: multimodal imaging of neurological disorders	
17:45	[105] Alberto del Guerra (Department of Physics, University of Pisa) - A trimodality (EEG/MR/PET) scanner for brain imaging	
18:10	[106] Contributions
