

Workshop on Innovative Delivery Systems in Particle Therapy

Thursday, 23 February 2017

Current Status and New Challenges - Copernico (14:40 - 15:40)

-Conveners: Christian Graeff

time	[id] title	presenter
14:40	[26] Dose delivery challenges at HIT/Marburg	Dr BRONS, Stephan
15:10	[5] Development of NIRS fast scanning system	Dr FURUKAWA, Takuji

Current Status and New Challenges - Copernico (16:10 - 17:40)

-Conveners: Jay Flanz

time	[id] title	presenter
16:10	[4] Update on proton therapy research at the University of Texas, M. D. Anderson Cancer Center	Dr TITT, Uwe
16:50	[8] Commissioning of NIRS gantry and KCC-iRock	Dr SAOTOME, Naoya
17:20	[7] Response function measurements of the integral chambers using fast synchrotron extraction	Dr GRAEFF, Christian

Friday, 24 February 2017

Current Status and New Challenges - Copernico (15:00 - 15:30)

time	[id] title	presenter
15:00	[25] Ocular treatments at CNAO	Dr CIOCCA, Mario

Current Status and New Challenges - Copernico (16:00 - 16:30)

time	[id] title	presenter
16:00	[27] Commissioning of the Dose Delivery System at MedAustron	Dr KOWARIK, Gregor

Saturday, 25 February 2017

Current Status and New Challenges - Auditorium (11:00 - 12:00)

time	[id]	title	presenter
11:00	[9]	Presentation of CNAO	Dr PULLIA, Marco
