

Perspectives in Astroparticle physics from High Energy Neutrinos

Tuesday, September 26, 2017

Astrophysical sources and backgrounds (2:30 PM - 4:10 PM)

-Conveners: Maurizio Paolillo

time	[id] title	presenter
2:30 PM	[29] IceCube spectral anomaly	Dr VISSANI, Francesco
2:55 PM	[6] Expectations for high energy diffuse galactic neutrinos for different cosmic ray distributions	VILLANTE, Francesco Lorenzo
3:20 PM	[12] Looking for sources of astrophysical neutrinos	SEMIKOZ, Dmitri
3:45 PM	[35] Minimal models for extragalactic cosmic rays and neutrinos	KACHELRIESS, Michael
