Neutrino Physics (16:00 - 19:00)

time	[id] title	presenter
16:00	[6] Overview on Neutrino Electromagnetic Properties	STUDENIKIN, Alexander
16:25	[7] More Results from the OPERA Experiment	GALATI, Giuliana
16:50	[8] Recent Progress in Neutrino Physics: a Theoretical Overview	HERNANDEZ, Pilar
17:15	[9] Newest NOVA Results on θ_{13} and CPV in Neutrino Sector	NINER, Evan
17:40	[10] Results and Perspectives from T2K on CPV in Neutrino Sector	DABROWSKA, Anna
18:05	[11] Short Distance Neutrino Oscillations with Borexino	CACCIANIGA, Barbara
18:30	[12] Measurement of the PMNS Matrix Element θ_{13} and CPV Parameters with Double Chooz	ONILLON, Anthony
