

Ages²: taking stellar ages to the next power

Friday, 22 September 2017

Stellar models and their limitations (09:00 - 12:30)

time	[id] title	presenter
09:00	[110] Three questions about stellar models	PINSONNEAULT, Marc LEBRETON, Yveline
09:15	[37] From micro- to macrophysics: the status of stellar models for solar-like stars	SERENELLI, Aldo
09:45	[99] Stellar models and their limitations: the abundance scale	CAFFAU, Elisabetta
10:15	poster viewing and refreshments	
10:45	[64] Opacity data for stellar models and its uncertainties	BAILEY, James
11:15	[104] Nuclear reaction rates in stellar conditions as input for stellar models	GUGLIELMETTI, Alessandra
11:45	[124] Ages and age spreads in young and old massive clusters	D'ANTONA, Francesca
12:15	[125] conference close and farewell
