

# TRANSVERSITY 2017

5<sup>th</sup> International Workshop on Transverse Polarization Phenomena in Hard Processes

Mini symposium for  
M. Anselmino's  
70th birthday

**Dedicated to Mauro for his important contributions to our field of research. It will be an occasion to recall, in a nice and lively context, all we have shared together during his fruitful forty-year long scientific career and, more importantly, to celebrate our friendship.**
