

Advanced LIGO and Advanced Virgo first results

venerdì 27 ottobre 2017 15:00 (25 minuti)

The second observing run of Advanced LIGO started on November 2016; on August 1st, 2017, Advanced Virgo joined the two LIGO detectors and the network of three interferometers took data up to August 25th. In this talk I will present the first scientific results of Advanced LIGO and Virgo and give an overview of the associated electromagnetic follow-up campaign.
