

Recent developments in neutrino physics and astrophysics

Tuesday, 5 September 2017

Session IV (09:00 - 10:45)

-Conveners: Franz Von Feilitzsch (TUM Garching, Germany)

time	[id] title	presenter
09:00	[11] Recent experimental measurements of the Solar neutrinos with Cherenkov detectors	KOSHIO, Yusuke
09:30	[60] Discussion	
09:35	[13] Measurement of rare nuclear reactions of astrophysical interest: status and prospects	DI LEVA, Antonino
10:05	[61] Discussion	
10:10	[14] New results on 8B solar neutrinos from 1.5 kton year of Borexino exposure	FRANCO, Davide
10:40	[59] Discussion
