

Recent developments in neutrino physics and astrophysics

Monday, 4 September 2017

Session III (16:35 - 17:55)

-Conveners: Gemma Testera (INFN Genova, Italy)

time	[id] title	presenter
16:35	[69] Solar models and neutrinos: a quantitative analysis of the solar abundance problem	VILLANTE, Francesco Lorenzo
17:05	[45] Discussion	
17:10	[10] Experimental measurements of the Solar neutrinos with scintillator detectors	CACCIANIGA, Barbara
17:50	[44] Discussion
