

Recent developments in neutrino physics and astrophysics

Wednesday, September 6, 2017

Session VIII (11:25 AM - 12:45 PM)

-Conveners: Marco Pallavicini (Genova University & INFN, Italy)

time	[id] title	presenter
11:25	[23] [23] New determinations of mixing parameters with atmospheric neutrinos	YANEZ GARZA, Juan-Pablo
11:55	[30] [30] Discussion	
12:00	[24] [24] A survey of the status of neutrino-less Double Beta Decay experiments	MCDONALD, Art
12:40	[31] [31] Discussion
