Application privileges

Ruoli e privilegi in Sympa

Default privileges

Actions

Ruoli **managing moderating receiving**

owner	Y	(Y)	
moderator		Y	
member			Y
public user			

- owner, moderators, members can be defined in the LDAP DB

Sympa auth. fine structure

Ruoli	message submission	archive reading	doc. reading	doc. writing
owner	Y	Y	Y	Y
member (recipient)	Y	Y	Y	N
LDAP group 1	Y			
LDAP group 2		Y		
LDAP group			Y	Y
LDAP group N				
public user			Y	

- Authorization scenarios allow fine tuning of other privileges
- LDAP groups can be used in auth. scen.
