

International Workshop on Ion Propulsion and Accelerator Industrial Application

Thursday, 2 March 2017

poster (continued) (16:00 - 17:15)

[id] title	presenter	board
[21] Carbon-based materials for cathode neutralizers in electric propulsion	Dr CICALA, Grazia	
[23] Improvements in global modelling of gridded ion thrusters	Mr LUCKEN, Romain	
[28] Hall Thruster numerical tool - Demo	Mr MICCHETTI, Francesco Paolo	
[0] Small rf plasma generator for air	CAVENAGO, Marco	
[13] Wall interactions in Hall Effect Thruster, investigation with bidimensional Particle-in-cell model and simulation	Mr TAVANT, Antoine	
[15] A first review of facility effects on electric thruster testing	Mr MARMUSE, Florian
