

# International Workshop on Ion Propulsion and Accelerator Industrial Application

## Thursday, March 2, 2017

**poster (continued)** (4:00 PM - 5:15 PM)

[id] title	presenter	board
[21] Carbon-based materials for cathode neutralizers in electric propulsion	Dr CICALA, Grazia	
[23] Improvements in global modelling of gridded ion thrusters	Mr LUCKEN, Romain	
[28] Hall Thruster numerical tool - Demo	Mr MICCHETTI, Francesco Paolo	
[0] Small rf plasma generator for air	CAVENAGO, Marco	
[13] Wall interactions in Hall Effect Thruster, investigation with bidimensional Particle-in-cell model and simulation	Mr TAVANT, Antoine	
[15] A first review of facility effects on electric thruster testing	Mr MARMUSE, Florian
