

International Workshop on Ion Propulsion and Accelerator Industrial Application

Friday, March 3, 2017

ion propulsion 3 (2:20 PM - 3:50 PM)

-Conveners: Marco Cavenago

time	[id] title	presenter
2:20 PM	[4] Ion Acceleration Mechanism in a Quad Confinement Thruster	LUCCA FABRIS, Andrea
2:50 PM	[24] Modeling magnetized plasma jets in electric propulsion	Dr MERINO, Mario
3:20 PM	[20] CIRA IMP-EP project: Development and validation of a 1D model for hollow cathode analysis and design	PANELLI, Mario

ion propulsion 3 (4:15 PM - 5:30 PM)

time	[id] title	presenter
4:15 PM	[11] Development of Hollow Cathodes for Electric Thrusters: Theoretical and Experimental Results	Prof. PAGANUCCI, Fabrizio
4:45 PM	[29] General discussion and closing remarks	CAVENAGO, Marco
