

New Frontiers in Gravitational-Wave Astrophysics

Monday, June 19, 2017

GWs after the first detections - Aula Conversi - Physics Dept. - Marconi Building (9:30 AM - 7:10 PM)

time	[id] title	presenter
9:30 AM	[0] Updates and perspectives on LIGO/Virgo detections	VECCHIO, Alberto
10:15 AM	[1] Formation and coalescence environments of BH-BH binaries	SCHNEIDER, Raffaella
11:00 AM	Coffee break	
11:30 AM	[2] The mass spectrum and dynamics of BH-BH binaries	MAPELLI, Michela
12:15 PM	Lunch Break	
2:15 PM	[3] Parameter estimation of compact binaries from GW signals	BERRY, Chris
3:00 PM	[5] Round Table	BERTI, Emanuele
4:30 PM	Coffee break	
5:00 PM	Free discussion
