

Light on the Architecture of Life - LACE17

Monday, 11 September 2017 - Friday, 15 September 2017

Scuola di Architettura di Siracusa

Scientific Programme

TOPICS CATEGORIES

1. Spontaneous ultraweak photon emission

2. Photoinduced ultraweak photon emission

3. Application of light in environmental and medical field

4. Water structures and life

5. New biophysical approaches to the understanding of cell functions

6. Detectors for single photons applications
