

LFC17: Old and New Strong Interactions from LHC to Future Colliders

Monday, 11 September 2017

Introduction to strong interactions at present and future colliders (Chairs: G. Corcella and R. Tenchini) (14:30 - 18:30)

time	[id] title	presenter
14:30	[47] Accelerators and experiments for the future energy frontier	FOSTER, Brian
15:00	[1] QCD measurements at the LHC	BLUMENSCHHEIN, Ulla
15:30	[2] Strong-interaction physics at future energy-frontier colliders	SIMON, Frank
16:00	Coffee Break	
16:30	[3] The QCD challenge for precision at colliders	MONNI, Pier Francesco
17:00	[4] Beyond the Standard Model with strong dynamics	CONTINO, Roberto
17:30	[5] State of the art and open issues in heavy-ion physics at present and future colliders	ROLAND, Gunther
18:00	[54] Discussion	VOS, Marcel
