

# SPES one-day Workshop "Probing fundamental symmetries and interactions by low energy excitations with SPES RIBs"

## Thursday, 1 February 2018

### Session 3: Fundamental Symmetries and Weak Interaction Studies with RIBs 1 - Room 131 ground floor (14:00 - 17:00)

-Conveners: Gianluca Colo'

time	[id] title	presenter
14:00	[11] Prospects for low - energy weak interaction studies with fission products	Prof. SEVERIJNS, Nathal
14:30	[12] Probing fundamental symmetries and interactions with radioactive ions	KNECHT, Andreas
15:00	[13] Helical Orbit Spectrometer for SPES and its possible applications	SANTONOCITO, Domenico
15:30	[14] The TRACE spectrometer at SPES	GOASDUFF, Alain
16:00	Coffee break	
16:30	[15] On line nuclear orientation for RIBs	GOTTARDO, Andrea
