

# SPES one-day Workshop "Probing fundamental symmetries and interactions by low energy excitations with SPES RIBs"

## Friday, 2 February 2018

**Session 5: Interplay between nuclear and atomic interactions - Room 131 ground floor (10:50 - 12:20)**

-Conveners: Marco Cinausero

time	[id] title	presenter
10:50	[19] Low energy Coulomb Excitation of SPES RIB's	NANNINI, Adriana
11:20	[20] T he elusive 229 Th isomer - characterization of its properties	Mr SEIFERLE, Benedict
11:50	[21] Fundamental interactions studies by laser trapping methods	MARIOTTI, Emilio
