

ALICE EMCal Technical Meeting

Wednesday, 29 April 2009 - Thursday, 30 April 2009

Laboratori Nazionali di Frascati &!-- ID_UTENTE=505 -->

Scientific Programme

The status of the material and of assembly production will be presented for the US SuperModule #2 and for the combined EU/US SuperModule (EU SM#2), with a discussion/update of the schedule. All test done on the components will be shown. Decision must be taken on how to proceed after the two SM will be installed.
