

QCD@Work - International Workshop on QCD Theory and Experiment

Wednesday, 27 June 2018

Session 8 - Ex Ospedale di San Rocco (09:00 - 10:50)

-Conveners: Svjetlana Fajfer

time	[id] title	presenter
09:00	[91] Probing QCD with the ATLAS Detector	Prof. KULCHITSKI, Yuri
09:30	[92] Single-top and top-antitop cross sections	Prof. KIDONAKIS, Nikolaos
09:50	[93] Which scale for parton densities? Perspective from kt-factorization	Dr GUIOT, Benjamin
10:10	[94] NLO and NNLO QCD corrections to polarized top quark decays	Prof. KOERNER, Juergen
10:30	[95] Rapidity gap distribution in diffractive deep-inelastic scattering and parton genealogy	Dr MUNIER, Stephane
