

Pisa, li 6<sup>th</sup> April 2018

We are pleased to announce the EURISOL Town meeting to be held in in Pisa from the 2nd to the 4th of July 2018.

The Town Meeting is planned to discuss and disseminate the recent progress, the on-going physics and instrumentation developments, and the specific needs and future plans of the EURISOL community, recently expressed also by the EURISOL Distributed Facility initiative.

The advancement of the EURISOL concept with the long-term goal to build a dedicated facility needs special attention and requires activities to continuously update the scientific case, shape the community, and strengthen the synergies with other facilities. For these reasons within the ENSAR2 project, part of the European framework HORIZON 2020, a JRA - EURISOL work package exists and EURISOL networking activities are included in the NUSPRASEN network.

The meeting will consist of invited talks and contributed posters and a round table.

The webpage of the conference is <https://agenda.infn.it/conferenceDisplay.py?ovw=True&confId=14402>

The EURISOL Town Meeting report constitutes one of the **Deliverables** of the WP2 NUSPRASEN of ENSAR2. For this reason speakers and presenters of posters will be asked to provide a short account of their presentations (4 and 2 pages respectively).

Registration will be open from April 6th to June 15th 2018. There is no participation fee.

Poster's abstract submission will be open from April 6th to June 1st 2018, acceptance will be notified by June 8th.

The meeting location is  
INFN - Pisa  
Bldg. C - ground floor  
Room: Aula 131

We expect to have very interesting and lively discussions on EURISOL and particularly on the EURISOL DF project and are looking forward to welcoming you in Pisa,

Yorick Blumenfeld, Angela Bonaccorso, Berta Rubio, Marek Lewitowicz.
