

Half a Century of Blazars and Beyond

Monday, 11 June 2018

Gamma-ray linchpin: VHE Connections - Aula Darwin (15:40 - 17:55)

time	[id] title	presenter
15:40	[114] Signatures of the extragalactic background light in gamma-rays (Fermi@10 special talk)	DOMINGUEZ, Alberto
16:05	[115] TeV blazars with H.E.S.S.	CERRUTI, Matteo
16:25	[117] Highlights from the VERITAS Blazar Observation Program	BENBOW, Wystan
16:45	[118] MAGIC blazars in a multi-wavelength context	PRANDINI, Elisa
17:05	[119] Two-component jet scenarios and blazar classification	SOL, Helene
17:25	[168] Connecting Blazar Kinematics to Supermassive Black Holes: Dynamical Imaging with the Event Horizon Telescope (Invited)	JOHNSON, Michael
