

The many aspects of Low - Energy Physics

*Short range interactions in experimental,
theoretical and mathematical Physics*

A one-day meeting
at the Department of Physics “Ettore Pancini”
Monday, November 27, 2017

Program

09:30 **Alessandro Teta** (Sapienza Università di Roma, IT):

The mathematical physics of zero range interactions

10:30 Coffee Break

11:30 **Yvan Castin** (ENS, Laboratoire Kastler Brossel, FR):

Strongly interacting Fermi gases

14:30 **Giovanni Modugno** (LENS e Università di Firenze, IT):

Experimental achievements in Efimov Physics

15:30 Coffee Break

16:30 **Michele Correggi** (Sapienza Università di Roma, IT)

Mathematical Physics of anyonic models

17:00 Conclusions

Dipartimento di Fisica “Ettore Pancini”
